

645 TUCSON YOUTHS CALLED TO COLORS FOR WAR IN FRANCE

The draft became a reality in its most realistic phase yesterday afternoon at 6 o'clock when 645 Tucsonans of the "unorganized militia" were called to the colors. They were called by having their names posted at the office of the local exemption board and by being mailed notices to appear at the board's headquarters next week for physical examination. The notices were put into the postoffice last night and those who receive them will be informed in the notice itself when they must appear.

The first one-third will appear for examination Wednesday, the second one-third Thursday and the remainder Friday. A number of those called have volunteered. Members of the Red Cross volunteered for the work of helping to mail out the notices to the men drafted.

No. 12 in the list is Charles Solis, a Cherokee Indian, who is the son of a famous scout attached to the Texas Rangers some years ago. He was killed in service with the Rangers. The list of those drawn for the first contingent is published below. If this number does not result in the filling of Pima county's quota, more will be called, until the quota is secured.
